2024 Producer Class I and Class II Price Release Schedule

The State Milk Commission price release dates parallel those of the federal milk order pricing system because several Milk Commission formula components are only available to the Commission on those dates. It is the agency’s policy to release prices as soon as practical following the federal announcement. Below is a schedule that details the Commission’s release dates and times through the December 2024 class and component prices.

The monthly presumed cost schedule, retail presumed cost schedule, and raw milk price comparison report are communicated on the Class I announcement dates indicated above. ***Federal prices are released at 3 p.m. on the dates below; Milk Commission prices will be released as soon as possible on the announced date but may take until 5 p.m. to be posted.***
